ORGANIZATION-004: FUNDING

The Salina Public Library is funded primarily through property tax within the city of Salina. The Library Board of Trustees has the authority to annually vote for and pass a budget and mill levy in support of Library operations and employee benefits. This is authorized by KSA [12-1215](#), [12-16](#), [12-102](#). Mill levy limits were removed by KSA [79-5040](#) in 1999. Increases are subject to the publication, petition and possible election requirements. The time frame for budget hearings and adoption is explained by KSA [79-2933](#).

The Library also receives grants from the State Library of Kansas and the Central Kansas Library System (CKLS). This funding is supplemented by fines, fees, special grants, Friends of the Library, bank interest on deposits, dividends from investments and donations.

A Capital Improvement Fund is authorized by KSA [12-1217](#). This allows public libraries to transfer up to 10% of tax receipts from the General Fund into a separate fund for capital improvement use. Capital improvement is budgeted for annually. Bids will be solicited for projects that are estimated to be over \$10,000. The Library Board will be provided information for all capital improvement projects. At the end of a funding year, the General Fund is reviewed by the Director and capital monies transferred appropriately.

The Library operates on a cash basis. Library funds and accounts are audited annually following KSA [75-117](#) and [75-1122](#). Audits are provided to the Library Board annually.

SERVICES-003: CIRCULATION OF MATERIALS

A patron should use their own card to check out materials. If the patron has forgotten their card, they can go to the circulation desk to ask for assistance. The patron must show a photo ID or the patron must have a photo on file in the Library system if they do not have their card to check out materials.

A patron must be at least 18 years of age to check out a hotspot or a Roku device.

When patrons use Library materials, the Library assumes no responsibility for damage caused to a patron's device(s).

Patrons agree to abide by Library circulation policies. Any exceptions or Library system overrides by staff must be approved by a Department Head, the Director or Assistant Director.

003.1: LOAN PERIODS

The majority of Library materials circulate for 28 days. The chart below provides loan periods and checkout limits for materials.

Patrons may renew items if no one else has the item on hold. Items can be renewed 2 times.

A maximum of 50 items can be checked out.

Hourly <i>*in building use only</i>	Chromebooks	2 (8 hours per day) <i>*no renewals, no holds</i>

003.2: HOLDS

The Library accepts hold requests from Library patrons on all items, both on the shelf and checked out items. Patrons can place a hold on materials in all formats. Only the library card account holder may request that items be placed on hold. Priority for use of an item goes to the patron who places an item on hold rather than one who picks it up off the shelf and brings an item on hold to the desk for checkout.

Patrons are notified of holds by phone, text or email. Patrons can also see if a hold is available by checking his/her online account. The patron is responsible for picking up the hold within 7 days. Materials not picked up by that time, will be shelved or held for the next patron.

Patrons may request staff add a note to their library account if they want another person to be able to pick up their holds.

Specific items that can only be picked up by the person who placed the hold, regardless of the note on the account, are hotspots, Roku devices, streaming bundles, and Nintendo Switches.

003.3: FINES & FEES

Fines are \$0.10 a day per item with a maximum of \$3 except for specific materials. More expensive Library materials incur a larger per day fine and maximum charge.

Chromebooks checked out for use at the Library incur a \$5 per hour late charge.

Items not returned or returned damaged will incur a replacement charge. Replacement prices are set on each item within the Library system and are determined by the average cost for that type of material and a processing fee.

Patrons are responsible to return materials when items are due and pay account fees. The library can use a collection service to assist in the return of the materials and payments on accounts. Accounts sent to collections will incur a \$10.50 fee which must be paid. Items must be returned in good condition, within 90 days of being overdue in order for the replacement charge to be removed from the account. After 90 days, the overdue items will no longer be accepted and replacement charges must be paid.

003.4: CLAIMS RETURNED

Claims refer to a patron claiming either that books or materials in question have already been returned or that the materials had never been borrowed by the patron. There is a limit of 2 (two) claims per patron; that is, a patron may make such a claim 2 (two) times before the Library will put a stop on the patron's card. Each claim will be recorded in the Library system. Once the patron reaches the limit, the patron must either return the material or pay for the cost of the materials in the last claim. The patron must do this before being allowed to use a Library card to borrow materials again.

003.5: DAMAGED MATERIALS

Some Library materials, such as DVDs, games, hotspots, Chromebooks, etc., must be cared for properly by the patron. Materials that are sensitive to heat, cold, etc., are the responsibility of the patron and must be paid for if damaged.

003.6: BUGS AND CONTAMINATED MATERIALS

The Salina Public Library is committed to providing safe and clean resources for patrons to borrow and use. Patrons are responsible for returning materials in clean condition, without bugs or odors. When Library staff discovers a problem, such as bed bugs, cockroaches or a strong odor, such as cat urine, in returned materials or other books, they will assess the situation and determine if the material can still be used or must be replaced by the patron.

If material(s) must be replaced, staff will issue a warning to the patron that it is unacceptable and cannot happen again. The warning will be noted on the patron account. If it happens a second time, the patron will be informed that the household cannot borrow materials again until proof is shown of correcting the problem.

003.7: PURCHASE REQUESTS

Patrons are limited to 4 requests per calendar month so we can ensure that everyone in the community has the opportunity to make recommendations.

SERVICES-004: ILL

InterLibrary Loan (ILL) is a cooperative service agreement between libraries to lend or borrow materials in order to fill patron requests.

[InterLibrary Loan](#) is a service provided by Salina Public Library for patrons in order to obtain materials not in our collection. Patrons are encouraged to use ILL, after thoroughly searching our Library resources.

- Up to 6 active requests may be submitted in person at the Library, by telephone or through the Library website.
- Library accounts need to be in good standing.
- Patrons must hold a patron, VIP or Non-Saline County Resident card to utilize ILL. Youth cards cannot be used with the ILL service.
- Patrons with transient addresses will be limited to in library use.
- Loan requests can be made for items owned by SPL that are long overdue or missing.
- When the requested item comes in, the patron will be notified by text message, email or phone and will have a week to pick it up. Items must be checked out to the account of the person making the request.
- The patron is responsible for picking up the ILL within 7 days. Materials not picked up by that time, will be returned to the lending library.
- ILL items not picked up with no communication from the patron will incur a \$3 fee per item.
- ILL items normally check out for 2 weeks.
- Patrons are responsible to pay for lost or damaged ILL items. The cost is determined by the lending Library, not SPL. The patron's account will be charged accordingly.

In most cases there is no additional cost to borrow Interlibrary Loan materials but out-of-state libraries may charge a fee to borrow. We will not borrow an item from charging libraries unless you agree to pay the borrowing fee, which will be charged to your library card account. The borrowing fee will include the cost for the item as well as shipping and postage costs. The fee must be paid prior to checking out the loaned items. The fee remains on the library account until paid, whether you pick up the item or not.

ILL service may be suspended or removed for patrons who fail to comply with policy.

006.2: INTERNET ACCESS & SAFETY POLICY

The Salina Public Library provides workstations for free public access to the Internet as an informational, educational and recreational resource. The Library expects that all use of electronic information resources, such as the Internet, will be responsible and ethical, consistent with the purpose for which these resources are provided.

The Salina Public Library is concerned for the safety and security of users who access online information. When one uses the Internet, one "leaves" the Library. The safety and security of users accessing the Internet at the library require those persons to be cautious, thoughtful, protective of personal information, and respectful of Library policy and state and federal laws. In particular, and in accordance to KS CIPA, the Salina Public Library strives to protect the safety of minors online. This prompts the Library use to implement and enforce technology protection measures to: ensure that no minor has access to visual depictions that are child pornography, harmful to minors, or obscene; and ensure that no person has access to visual depictions that are child pornography or obscene, as defined by Kansas Law, while using library devices or services. The restriction of a minor's access to the Internet beyond that required by this policy and governing laws is the responsibility of the parent or legal guardian.

Potential users must understand that the Library does not routinely monitor network traffic, but reserves the right to do so when a violation of this policy is observed or suspected. Staff are authorized to take immediate action to protect the security and integrity of the Library's patrons, computers, and network. This includes, but is not limited to, restricting or removing internet access, requiring a user to leave a public computer and/or the Library premises, or contacting law enforcement authorities. Any appeals to these actions can be submitted to the Library Director or Assistant Director.

Patrons who encounter websites which they believe should be blocked but which are not, or who are prevented from accessing websites which they believe should not be blocked may submit a complaint. This should be given in writing to the Technology Department Head and include the URL of the site in question and whether the request is to block or unblock it. Staff shall examine the site and determine whether it should be blocked or unblocked. Any appeals to these actions can be submitted to the Library Director or Assistant Director.

Complaints about the enforcement of this policy or observed patron behavior which violate this policy shall also be submitted in writing to the Library Director, Assistant Director or Technology Department Head, providing as much detail as possible.

The library shall inform patrons of the provisions of this policy, including the standards used and procedures for complaint, by making the policy available on the library's web site and in print at the Technology Center Help Desk.

This policy document will be reviewed by the Salina Public Library Board at least every three years.

006.3: LAWS

The Salina Public Library requires potential technology users to comply with all federal and state laws with a particular awareness of federal laws on the Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (NCIPA), copyright (U.S. Code, Title 17), Kansas laws relating to obscenity (KSA 21-6401 & KSA 21-6402) and KSA 75-2589, and amendments thereto, commonly known as the Kansas Children's Internet Protection Act (KS-CIPA). SERVICES-007: PROGRAMS

A program is defined as an event sponsored or co-sponsored by the Library. A program can be a single event or a series of events, take place inside or outside of the library, or take place online. Programming furthers the mission and values of Salina Public Library.

Programming is a fundamental component of library service that:

- Introduces attendees to library resources and materials;
- Provides learning and entertainment opportunities to meet the informational, educational and recreational needs of those attending the program;
- Raises awareness and visibility of the library to the community;
- Supports and responds to emerging community interests as well as established interests and demands;
- Expands the Library's role as a cultural and community center; and/or
- Extends outreach for underserved populations.

Programs will be developed with consideration for the principles of accessibility, equity and inclusiveness, and will contribute to the Library's safe, supporting and welcoming environment. Reasonable accommodations will be made to ensure that programs are accessible to all who wish to attend and participate.

Library staff uses many criteria when making decisions about program topics, speakers and accompanying resources, including:

- Community needs and interests
- Relation to library collections, resources, services and events
- Connections to other community programs, exhibits or events
- Historical or educational significance
- Treatment of content for intended audience
- Presenter expertise and/or public performance experience
- Popular appeal

Library selection of a program does not constitute an endorsement of the content of the program or the views expressed by presenters.

Library programs must have a special educational, informational or cultural value to the community. Programs of a purely commercial nature or those designed for the solicitation of business will not be offered by the library. Examples of programs that would be considered of a commercial nature include, but are not limited to, presentations offered for free but with the intention of soliciting future business.

Programs that support or oppose any political candidate or ballot measure will not be approved or offered by the library. However, educational programs, such as candidate forums that include invitations to all recognized candidates may be offered.

Programs will not be offered or approved that support or oppose a specific religion. Programs are planned to be inclusive of all cultures and of all religions and no religion. Library programs may address religious themes to educate or inform, but not to promote, observe or proselytize a particular religious conviction. Holiday programs may be offered for the entertainment of library Patrons.

Religious, non-profit and partisan groups may utilize meeting rooms for programs and meetings as provided by the library's Meeting Rooms Policy.

007.1: FEES

Some programs or classes may require a nominal fee. The Library will make every effort to keep fees fair and reasonable. Costs for a program may be used to cover instructor fees, supplies and/or location rental. Fees must be paid at the time of registration, if registration is required, or at the door for drop-in classes.

The Director or Assistant Director and Department Head of Information Services can set discounts for library staff and patrons to reduce barriers to access. Discounts should be equitable and take into account the program's budget and access for patrons.

007.2: REGISTRATION

Registration may be required for planning purposes, when space is limited or when programs require a fee. Programs may have deadlines by which patrons must register. Various registration options are available for participants. Drop-in programs do not require registration.

A maximum number of students is set for all programs, therefore all patrons may not be able to attend.

007.3: REFUNDS & CANCELLATIONS

The Library may cancel scheduled programs for any reason. If the Library cancels a program, all registered patrons will receive the option of receiving a full refund. Patrons will be offered the opportunity to donate the refund amount to the library. If patrons do not reply requesting a refund after two weeks, the amount will be automatically donated.

Patrons registered for a program with fees who cancel their registration before the program is held will be refunded their fee. Refunds will not be issued if library staff are not notified of non-attendance before the program. Refunds will not be offered for partial attendance of programs that occur over several meetings.

If the program is offered online, patrons are responsible for ensuring that they have a device that is compatible with the technology, the needed internet connection and that they understand how to access the technology prior to class. Refunds will not be issued for failure to log in or faulty devices or internet connections.

007.4: AUDIENCES

Some programs may be developed for a particular audience, i.e. attendees should be within the appropriate age group such as children or teens, or may require an accompanying adult. The Library reserves the right to set age limits or recommendations for programs. In determining appropriate age recommendations, staff will consider the suitability of the program's materials, format and program presenters, the relevancy and suitability of topic, messages and programming methods for the intended audience. Programs designed for specific audiences will be publicized as such.

All patrons must comply with the Library's Rules of Behavior.

007.5: PARTNERSHIPS, PERFORMERS & PRESENTERS

The Library may draw upon other community resources when developing programs and may actively partner with other community agencies, organizations, educational and cultural institutions or individuals to develop and present co-sponsored public programs.

The Library encourages volunteer performers and presenters in order to keep costs down and to create a strong community-based program, but professional performers and presenters that reflect specialized or unique expertise may be hired to provide Library programs. Paid performers and presenters must complete a W-9 and program agreement that lays out the scope of work and expectations for both parties.

Unsolicited offers from individuals and organizations to present programs will be evaluated by the same standards used when planning Library programming. Such programming opportunities should further the mission and values of the Salina Public Library as outlined in this policy.

Organizations or individuals collaborating with the Library on programs must coordinate marketing efforts with the Library's Marketing Department.

007.6: EVALUATION

Assessments of the effectiveness of Library programs are based on attendance and audience satisfaction. Other evaluation criteria include attraction of new Patrons to the Library, the promotion of Library goals, and addressing the needs of a specific target audience as reported on program evaluation forms.

007.7: REQUESTS FOR REVIEW OF LIBRARY PROGRAMS

Patrons wishing to express concerns may request a review of library programs by submitting a provided form following established Library procedure.

Anyone that would be eligible to obtain a Salina Public Library card, as outlined in our policy, may submit a request for the review of library materials.

Patrons may request a review of a Library program by following established Library procedure. The process is as follows:

1. Patrons concerned with a program should schedule a meeting to discuss their concerns with the Head of Information Services, Head of Youth Services, Head of Technology, the Assistant Director or Library Director. Staff will provide the Library's programs policies to the patron.
2. After discussion with one of the listed staff members above, if the individual is still concerned about the program, they may complete a programs review request form.

Upon receipt of a request for review form:

1. The Director or Assistant Director and appropriate Department Head(s) will review the program, and a copy of the review request will be provided to the Library Board.
2. The decision of the review will be provided to the patron and the Library Board.
3. If the patron is not satisfied with the outcome, he/she may request in writing to the President of the Library Board that the procedure be reviewed by the Board for consideration at an upcoming meeting. The Boards is limited to a review of whether the library policies have been appropriately applied. If a determination is made that the policies have not been applied appropriately, further action may be taken as needed by the Board.

SERVICES-008: TEST PROCTORING

The Library provides [proctoring](#) service free of charge. Specific proctoring sessions are offered during the week by appointment. All requirements and procedures must be followed for the proctoring session by the institution, instructor and student. The library will provide monitoring, but cannot provide one-on-one proctoring or continuous, uninterrupted monitoring of exams. Students are responsible for determining whether the library's level of supervision matches the requirements of their institution.

SERVICES-009: SOCIAL MEDIA POLICY

The Salina Public Library publishes and participates in various media and social networking platforms to provide services and information and to connect with the community. The purpose of this policy is to establish guidelines for the use and maintenance of SPL's digital presence.

Digital presence includes websites, social media apps or platforms that allow users to find and share information. Examples include but are not limited to Facebook, the library's website, and Instagram.

1. All published digital content must clearly support the library's service roles, goals and objectives, and operation. Development of new digital and social media will be reviewed by the Head of Marketing and/or the Director or Assistant Director.
2. The role and utility of social networking sites will be evaluated periodically by staff and may be terminated at any time as deemed appropriate by the library.
3. Public comment and posting to the library's social media outlets is encouraged. The library is not responsible for public comment and reserves the right to review all comments and postings and delete those that are inconsistent with the content created, such as spam, by the library as well as any speech that is not protected by the First Amendment. The library may delete any comments or block individuals who post content that fall into the following categories:
 - Obscene, sexist or racist content
 - Harassment of other users or staff
 - Potentially libelous and slanderous statements
 - Plagiarizing or posting copyrighted material without permission or authority
 - Information of a private or personal nature
 - Comments, postings or links not related to the content created by the library staff
 - Advertisement and solicitation
 - Threats to library staff, library board members, or library patrons
4. It is at the discretion of Salina Public Library's Head of Marketing and the Director or Assistant Director to determine the length of time an individual will be blocked. If more than three Social Media Behavior Policy violations occur, the user will be permanently blocked from all Salina Public Library digital platforms. Any threats

made via digital platforms that directly or indirectly risk the safety of any library personnel or patrons may be reported to local authorities and may result in the individual user being banned from the library property.

Social networking records are transitory. Records from third-party sites are not stored by the library. Records are not retained after administrative or reference value has been served.

5. Social media and other digital platforms may be governed by the terms of a third-party service provider. Users should be aware that third-party services have their own privacy policies and should proceed accordingly.

Comments expressed on any social media platform do not reflect the views or positions of the library, its officers, or its employees. Social media users should exercise their own judgment about the quality and accuracy of any information presented through social media.

Library sponsored or co-sponsored meetings and programs take precedence over scheduling meetings for other groups at all times. This includes the McKenzie Center.

Room reservations must be made by a patron of at least 18 years of age. The patron making the reservation must be in the room and is responsible to follow all policies.

No purely social functions are allowed in the meeting rooms. This includes but is not limited to weddings, anniversaries, receptions, funerals, birthday parties, reunions, private parties, pageants, talent or trade shows. Groups must adhere to the maximum attendance numbers for each room. Total meeting room attendance numbers may be adjusted by the Library as necessary.

Library Tech Center Conference Room: 8	McKenzie Center Room #3: 8

The meeting rooms are available on a first-come, first-served basis. Reservations should be made in advance and can be made up to 60 days in advance, with a limit of five total active reservations. Same day scheduling can be done based on availability. Same day scheduling requires contacting library staff.

If the person who reserved the room will not need the reservation, they are expected to cancel online or call the Library. Cancellations must be made at least 24

Solicitation by any person inside/outside the meeting room is prohibited except for Library events. Library meeting rooms are not to be used as a sales or product promotional presentation, either directly or indirectly when labeled as an informational seminar.

Public Library spaces such as study tables, lounge areas, technology center and other public areas which are not identified as meeting rooms are non-public forum spaces and are not suitable for meetings, programs or public speeches because they would generally create a distraction or disturbance that limits the intended use of that part of the Library.

No tobacco products and no alcoholic products are allowed in the meeting room. Refreshments such as coffee, tea, soft drinks, snack foods, sandwiches, and desserts may be served in all the rooms except the computer training lab. Groups must provide their own refreshments and serving containers/utensils, and the group is fully responsible for cleanup. If a meeting room is left in an unacceptable manner, further room privileges may be revoked.

Technology and other equipment are available for the meeting rooms and groups are responsible to set up and use that equipment. Staff may not be available to assist with the use of technology. For this reason, it is recommended that if technology and equipment are being used, patrons come in advance to make sure they can successfully operate the technology provided. Users will be charged full replacement costs for any equipment that is missing or damaged.

Publicity for a meeting held by a non-Library group must not be worded in a manner that would imply sponsorship or endorsement of the group's activities by the Salina Public Library. There should be a disclaimer on all printed publicity that states: This program is not a Salina Public Library event. Granting the use of a meeting room does not imply Library approval or endorsement of the group, the meeting, or the ideas presented at the meeting. The name, address or telephone number of the Salina Public Library must not be used as the official address or headquarters of an organization or group.

The Salina Public Library is not liable for injuries to individuals or for damages to or loss of personal or organizational property of groups using a meeting room.

Failure to abide by any of these rules or to cooperate with Salina Public Library staff may result in loss of meeting room privileges.

MATERIALS

MATERIALS-001: COLLECTION MANAGEMENT

The Library aims to build a broad collection based on community needs and wants, within budgetary parameters. A variety of factors determine collections such as demand, value, balance, format, interest, alternate access, timeliness, and cost.

Materials selection is guided by the Library mission statement. Items selected will offer differing ideas and views to meet the needs of our diverse community. Patrons are free to choose what they like from the collection, to reject what they don't like, but not to restrict the freedom of others to choose. Inclusion of an item in the collection does not imply that the Library endorses information contained in the resource.

Revision Date(s): 10/15/2019

MATERIALS-002: COLLECTION REVIEW & WITHDRAWAL OF MATERIALS

A practical, useful collection will be maintained through a continual process of review. This process identifies items for replacement, retention or removal. Benchmarks are created to ensure a quality collection.

The Library regularly withdraws from the collection. Systematic evaluation and weeding of the collection are required in order to keep the collection responsive to patron needs, to insure its vitality and usefulness, and to make room for newer materials. Staff involved in the weeding process rely on the professional guidelines found in *Crew: A Weeding Manual for Modern Libraries* (Texas State Library and Archives Commission.) The Public Library Core Collection database is also consulted and assists in decision making, although it is not the final criteria.

The weeding process helps to identify which materials are inaccurate, outdated, trivial, in poor condition, available elsewhere, poor circulation or irrelevant to the community needs. Weeding also helps staff evaluate the collection by identifying areas or titles where additional materials are needed or where updated editions are desirable.

SECURITY-004: ALARMS

When an alarm sounds on the Library security system, security and Library staff will respond. They will ask the patron to step back to the desk and follow procedures to find the cause of the alarm. Staff may try desensitizing the material again and/or handing each item through the security gates individually. If theft is suspected, the security guard will take appropriation action. If the patron does not cooperate and leaves the building, security or Library staff will call 911 and report a possible theft of Library materials to the police. If staff or the security guard do not find the item that set off the gate, or the cause of the alarm, they should make a judgment to note the alarm in the patron’s account or to call the police about a suspected theft.

PATRON RESPONSIBILITIES

PATRON-001: UNATTENDED CHILDREN

To help ensure the safety and security of their children, parents/guardians/caregivers are required to supervise children age 10 and younger while at the Library. The parent/guardian/caregiver needs to be in the same department of the Library, where they can easily locate and see the child in order to responsibly care for them. A caregiver needs to be at least 16 years of age. If a child 10 and younger is left without supervision at the Library, our procedure is

- Help the child find the parent or guardian.
- Inform the parent/guardian of the policy and that we are placing a note on the parent or guardian's card that a child was left unattended. A second incident will result in barring the parent's and/or guardian's card for 30 days from use of the Library resources, such as borrowing materials and use of computers.
- A third incident of unattended children from the same family may result in longer barring.
- If the parent or guardian cannot be located in the Library, staff will call the Salina Police Department and turn the unattended child over to them.

RECORDS

RECORDS-001: CONFIDENTIALITY OF LIBRARY RECORDS

The Kansas Open Records Act, Kansas Statutes Annotated (KSA) 45-215, et seq., declares that it is the public policy of the state of Kansas that public records shall be open for inspection by any person. However, the Open Records Act places certain restrictions on this open access. At KSA 45-221, the Act defines what records are not required to be disclosed at the request of citizens or public officials. (Attorney General opinion 95-64 outlines open records access through electronic means.)

Records which libraries are not required to disclose include:

- A patron's name (or whether an individual is a registered borrower or has been a patron.)
- A patron's address and email address.
- A patron's telephone number.
- The Library's circulation records and their contents.
- The Library's borrower's records and their contents.
- The number or character of questions asked by patrons.
- The content of a patron's computer use at the Library.
- The frequency or content of a patron's lawful visits to the Library or any other information supplied to the Library (or gathered by it) should not be made available.

To protect patrons from unwanted activity on their accounts the following policies are in place.

- To access or make changes to a patron account in person, patrons must present either their library card, card number or a photo ID. Patrons may also answer a security question to confirm their identity (birthday, address, phone number, etc.).
- Minors, or the guardians listed on the minor's account, must either present their library card, photo ID, or they may answer a security question to confirm their identity (birthday, address, phone number, etc.).
- To access or make changes to a patron account over the phone, patrons must provide the card number and full name associated with the account as well as answer a security question to confirm their identity (birthday, address, phone number, etc.).
- To access another person's account, a person must have the library card or card number for that account, the full name associated with the account as well as be listed on the account as a person who can be provided information. A current photo ID is required to access another person's account for verification.

Library records information is kept solely for the purpose of collection control, is to be utilized for internal library purposes only, and is not to be released to any person or organization, except that individual to whom a particular registration relates. Law enforcement requests for patron information will be honored upon presentation of relevant

documentation. The request must be presented to the Director, Assistant Director or the Head of Security. Library staff or volunteers should not provide information for requests of user information.

If a request for patron information is made, the request must be presented to the Director or Assistant Director. Library staff or volunteers should not provide information for requests of user information.

The Library endorses the Code of Ethics of the American Library Association, which states, "We protect each Library user's right to privacy and confidentiality with respect to information sought or received and resources consulted, borrowed, acquired or transmitted."
